WORK EXPERIENCE

CORDON TECHNOLOGIES PVT LTD. — Pune, MH
Java Full Stack Developer Intern — Jan 2025 – Feb 2025
- **Career Recommendation System** :- Developed a backend system for a career recommendation platform using Java, Spring Boot, and MySQL with integrated ML and NLP models and secure user authentication features.
- Collaborated in a 6-member agile team to design RESTful APIs, optimize database interactions, and ensure scalable architecture.
- Gained hands-on expertise in backend development, API integration, and full-stack collaboration.

UNIVERSITY PROJECTS

VANRAKSHA — Feb 2025
- An innovative platform combining AI and blockchain for digital tree adoption and environmental conservation. Features AI-powered tree information using Mistral-7B, NFT certificates on Aptos blockchain, and real-time impact tracking.
- **Skills:** React.js, TailwindCSS, Firebase, AptosLabs, Mistral-7B, Firestore, Cloudinary, TeamWork, Leadership

ACTIVITIES

GOOGLE DEVELOPERS GROUP ON CAMPUS PDEACOE — Pune, MH
Design Lead — Sep 2024 – May 2025
- Solely managed all design responsibilities for the organization, including conceptualizing and creating event posters, promotional graphics, and visual collateral for workshops and campus initiatives.
- Single-handedly designed engaging, visually cohesive PowerPoint presentations and post-event materials, maintaining a consistent design language across all communications.
- Independently ensured timely delivery and high quality of all creative assets, supporting the success of over 200+ participant events and student activities.
- Drove the entire visual identity for the team, collaborating directly with organizers and stakeholders to translate ideas and event goals into effective, brand-aligned designs.
